ENVIRONMENTAL RESTRICTIVE COVENANT

THIS ENVIRONMENTAL RESTRICTIVE COVENANT (the “Covenant”) is made this 1st day of February, 2018, by CLD, LLC, an Indiana limited liability company (together with its successors and assignees, collectively “Owner”).

Recitals

WHEREAS, Owner owns certain real estate in Elkhart County, Indiana, which is more particularly described in attached Exhibit A and made a part hereof, which was acquired by Warranty Deed recorded on December 24, 1997, as Instrument Number 97-033453, and re-recorded March 6, 1998, as Instrument Number 98-006553, and by deed dated December 24, 1997, and recorded on June 29, 1998, as Instrument Number 98-020832, both as corrected by an Affidavit in Aid of Title dated January 10, 2000, and recorded on January 24, 2000, as Instrument Number 2000-02196, all in the Office of the Recorder of Elkhart County, Indiana (“Real Estate”).

WHEREAS, the Real Estate is adjacent to the Himco Dump Superfund Site depicted in the attached Exhibit B, which encompasses approximately sixty (60) acres of low-lying marshland in Elkhart County, Indiana (the “Himco Site”).

WHEREAS, the Himco Site was placed on the National Priorities List set forth at 40 C.F.R. Part 300, Appendix B, and the United States Environmental Protection Agency (“EPA”), in concert with the Indiana Department of Environmental Management (“IDEM”), and the “Performing Settling Defendants” (as such term is defined in the “Consent Decree” set forth below) proposed that potentially responsible parties implement activities (the “Remedial Action”) embodied in a final Record of Decision, executed on September 23, 1993, and amended on September 15, 2004, and as may be further amended from time to time (“ROD”).

WHEREAS, the Remedial Action selected by the ROD, and the work to be performed by certain performing defendants, constitutes a responsive action taken or ordered by the President of the United States, and is set forth under the terms and conditions of the Himco CERCLA RD/RA Consent Decree (“Consent Decree”), having been entered by the United States District Court for the Northern District of Indiana, in cause of action *United States of America v. Bayer HealthCare LLC, et al.*, docket number 2:07cv304(TS).

WHEREAS, the remedial design and Remedial Action required by the Consent Decree, was prepared and implemented in accordance with the requirements of the ROD, the Consent Decree and applicable Indiana laws as a result of a release or the substantial threat of a release of hazardous substances (collectively, “contaminants of concern”) relating to the Himco Site which affected the Real Estate. The Performing Settling Defendants, pursuant to the Consent Decree, implemented certain response activities at the Real Estate, including the following: (a) monitoring of the “Work” (as such term is defined in the Consent Decree); (b) verifying data or information submitted to the EPA or IDEM; (c) conducting investigations

relating to contaminants of concern at or near the Himco Site; (d) sampling, assessing the need for, planning or implementing additional response actions at or near the Site; (e) assessing implementation of construction quality assurance and quality control practices as defined in the approved construction Quality Assurance Project Plans; (f) implementing the Work; (g) inspecting and copying records, operating logs, contracts, or other documents maintained or generated by Performing Settling Defendants or their agents, consistent with Section XXIV of the Consent Decree; assessing Settling Defendants' compliance with the Consent Decree; and determining whether the Himco Site, the Real Estate or other property is being used in a manner that is prohibited or restricted, or that may need to be prohibited or restricted, by or pursuant to the Consent Decree.

WHEREAS, the remedial design and Remedial Action, pursuant to the Consent Decree, as approved by EPA and IDEM, provides that contaminants of concern will remain in the groundwater and/or in the soil of the Himco Site and/or the Real Estate, and requires that land use restrictions be maintained to prevent future use of the groundwater and to prevent the future use of the land for residential purposes to ensure the protection of public health, safety or welfare, and the environment. A list of the contaminants of concern are set forth in Table 1, attached hereto. The remedial design and Remedial Action, as outlined pursuant to the Consent Decree, and related site documents are incorporated herein by reference and may be examined at the offices of EPA or IDEM, in the public file. IDEM's offices are located at 100 N. Senate Avenue, Indianapolis, IN and may be available through the IDEM's Virtual File Cabinet system which, at the time of the execution of this document, can be found at www.IN.gov/idem.

NOW, THEREFORE, Owner, hereby, in consideration for the promises contained herein, and other good and valuable consideration, imposes restrictions on the Real Estate and covenants and agrees that:

I. GENERAL PROVISIONS

1. Property Conveyance – Continuance of Provisions. The Owner shall prevent any conveyance of title, easement or other interest in the Real Estate from being consummated without adequate and complete provision for compliance with the Consent Decree and prevention of exposure to contaminants of concern as described herein.

Access for IDEM and EPA. The Owner hereby provides the right of access to IDEM and to EPA and to their designated representatives (including Performing Settling Defendants, as necessary) to enter upon the Real Estate at reasonable times for the purpose of monitoring compliance with this Covenant and with the effectiveness of the Remedial Action. This right includes, but is not limited to, access for the purposes of:

- a) Carrying out and maintaining the Remedial Action (and the terms of the Consent Decree, if applicable);
- b) Monitoring the Remedial Action;
- c) Monitoring compliance with the ROD and the terms of the Consent Decree;
- d) Monitoring compliance with this Covenant;

- e) Determining whether the restrictions described in paragraphs 7(a) to 7(f) above are being maintained (and operated, if applicable) in a manner that ensures the protection of public health, safety or welfare and the environment;
- f) Verifying that no action is being taken on the Real Estate in violation of the terms of this Covenant or of any federal or state environmental laws or regulations;
- g) Conducting periodic reviews of the Remedial Action, including but not limited to, reviews required by applicable statutes and regulations; and
- h) Implementing additional or new response actions that EPA or the IDEM determine are necessary to protect public health or the environment because: (i) either the original Remedial Action has proven to be ineffective, or (ii) new technology has been developed which will accomplish the purposes of the Remedial Action in a significantly more efficient or cost effective manner and will not impose any significantly greater burden on the Real Estate or unduly interfere with the then existing uses of the Real Estate.

2. Restrictions to Run with the Land. The restrictions and other requirements described in this Covenant shall run with the land and be binding upon the Owner of the Real Estate and the Owner's successors, assignees, heirs and lessees, licensees or their authorized agents, employees, contractors, representatives, agents, lessees, licensees, invitees, guests or persons acting under the direction or control and shall continue as a servitude running in perpetuity with the Real Estate. No transfer, mortgage, lease, license, easement or other conveyance of any interest in all or any part of the Real Estate by any person shall limit the restrictions set forth herein. This Covenant is imposed upon the entire Real Estate unless expressly stated as applicable only to a specific portion thereof.

3. Binding upon Future Owners. By taking title to the Real Estate, any subsequent owner agrees to comply with these restrictions and terms of this Covenant.

4. Written Notice of the Presence of Hazardous Substances. Owner agrees to include in any instrument conveying an interest in any portion of the Real Estate, including, but not limited to deeds, leases and subleases (excluding mortgages, liens, similar financing interests, and other non-possessory encumbrances) the following notice provision:

NOTICE: THE INTEREST CONVEYED HEREBY IS SUBJECT TO AN ENVIRONMENTAL RESTRICTIVE COVENANT, DATED FEBRUARY 1, 2018, RECORDED IN THE OFFICE OF THE RECORDER OF ELKHART COUNTY, INDIANA ON _____, 2018, INSTRUMENT NUMBER (or other identifying reference) _____ IN FAVOR OF AND ENFORCEABLE BY THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY, THE INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT AND/OR THE PERFORMING SETTLING DEFENDANTS, AS SUCH PARTIES ARE DEFINED IN THAT CERTAIN CONSENT DECREE ENTERED BY THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT COURT FOR THE

NORTHERN DISTRICT OF INDIANA, IN CAUSE OF ACTION UNITED STATES OF AMERICA V. BAYER HEALTHCARE LLC, et al., DOCKET NUMBER 2:07 cv 304 (TS).

5. Notice to EPA, IDEM and Performing Settling Defendants of the Conveyance of Property. Owner agrees to provide notice to EPA, IDEM and Performing Settling Defendants, no later than thirty (30) days after any conveyance of any ownership interest in the Real Estate (excluding mortgages, liens, similar financing interests, and other non-possessory encumbrances). Owner must provide EPA, IDEM and Performing Settling Defendants with a certified copy of the instrument conveying any interest in any portion of the Real Estate and, if it has been recorded, its recording reference. Such notice shall also include the name and address of the transferee.

6. Indiana Law. This Covenant shall be governed by, and shall be construed and enforced according to the laws of the State of Indiana.

II. RESTRICTIONS AND OBLIGATIONS

7. The Owner shall:

- (a) Prohibit any activity at the Himco Site that may interfere with any component of the remedy or activities pursuant to the Consent Decree, long-term monitoring or measuring necessary to assure the effectiveness and integrity of any response action, selected or undertaken at the Himco Site.
- (b) Not use the Himco Site for residential purposes, including, but not limited to daily care facilities (e.g. daycare centers, schools and senior citizen facilities), and shall limit the reuse to industrial, recreational, or commercial.
- (c) Neither engage in nor allow the installation or use of private drinking water wells on the Real Estate. There shall be no consumptive, extractive or other use of the groundwater underlying the Real Estate that could cause exposure of humans or animals to the ground water underlying the Real Estate, other than for site investigation and/or remediation purposes, without prior EPA and/or IDEM approval.
- (d) Neither engage in nor allow the digging or drilling into or the excavation of soil anywhere on the Himco Site as depicted on Exhibit B without first receiving written approval by the EPA and/or IDEM at least thirty (30) days prior to the commencement of such work. Any removal, excavation or disturbance of soil from within the affected areas of the Himco Site must be conducted in accordance with all requirements of IOSHA/OSHA, and soil that is removed, excavated or disturbed from the Himco Site must

be managed and disposed of in accordance with all applicable federal and state laws and regulations.

- (e) Arrange for a future land use feasibility study to be conducted by any entity responsible for the redevelopment of the Real Estate (to determine the Real Estate's suitability for a particular reuse scenario via an evaluation by the EPA in consultation with IDEM);
- (f) At the completion of remediation, Owner shall modify this Covenant, if EPA and/or IDEM determines that additional land use restrictions are necessary to be protective of human health and the environment as a result of residual contamination that will remain on the Real Estate.

III. ENFORCEMENT

8. Enforcement. EPA, IDEM, the representatives thereof, Performing Settling Defendants and/or other appropriate grantees shall have the right to enforce this Covenant, the restrictions listed in Paragraph 26(b) of the Consent Decree, or other restrictions that EPA and/or IDEM determine are necessary to implement, ensure non-interference with, or ensure the protectiveness of the remedial measures to be performed pursuant to the Consent Decree. Further, pursuant to IC 13-14-2-6(5), IDEM may proceed in court, by appropriate action, to enforce this Covenant. Owner agrees that the restrictions are enforceable, and agrees not to challenge the appropriate court's jurisdiction.

IV. TERM, MODIFICATION AND TERMINATION

9. Term. The restrictions shall apply until EPA and IDEM determine that the contaminants of concern no longer present an unacceptable risk to the public health, safety or welfare or to the environment.

10. Amendment, Modification and Termination. This Covenant shall not be amended, modified or terminated except by written instrument executed among EPA, IDEM, Performing Settling Defendants and Owner at the time of the proposed amendment, modification or termination. Within five (5) days of executing an amendment, modification or termination of the Covenant, such amendment, modification or termination shall be recorded with the Office of the Recorder of Elkhart County, Indiana and within five (5) days after recording, a true copy of the recorded amendment, modification or termination shall be presented to EPA, IDEM and Performing Settling Defendants.

V. MISCELLANEOUS

11. Waiver. No failure on the part of EPA, IDEM or Performing Settling Defendants at any time to require performance by any person of any term of this Covenant shall be taken or held to be a waiver of such term or in any way affect EPA's, IDEM's or Performing Settling Defendants' right to enforce such term, and no waiver on the part of EPA, IDEM or Performing Settling

Defendants of any term shall be taken or held to be a waiver of any other term hereof or the breach thereof.

12. Conflict of and Compliance with Laws. If any provision of this Covenant is also the subject of any law or regulation established by any federal, state or local government, the strictest standard or requirement shall apply. Compliance with this Covenant does not relieve the Owner from complying with any other applicable laws.

13. Changes in Law or Regulation. In the event of any change in applicable laws or regulations, this Covenant shall be interpreted so as to ensure the continuing validity and enforceability of the restrictions listed in paragraph 7 above. In no event shall this Covenant be rendered unenforceable if Indiana's laws, regulations, guidelines, or policies for environmental restrictive covenants or institutional or engineering controls change as to form or content. All statutory references include successor provisions.

14. Notices. Any notice, demand, request, consent, approval or communication that either party desires or is required to give to the others pursuant to this Covenant shall be in writing and shall either be served personally or sent by first class mail, postage prepaid, addressed as follows:
